

Electronic Arts Intermix operates the Editing/Post Production Facility consisting of an automated color editing system having half and 3/4 inch capabilities. It is open to qualified independent video artist-producers.

THE
During calendar year 1976, ~~a total of~~ 67 individuals or groups of artist-producers used the Facility for ~~approximately~~ 304 days of 14+ hours each, ~~or a total of about~~ ^{TOTALING SOME} 4300 hours ~~during the year.~~

~~In addition,~~ ALSO We instruct the artist-producers in the use of our editing system, and conduct a monthly 7 hour course on the theory and practice of the TV medium, ~~with actual hands-on demonstrations.~~

~~The other function is~~ The Artists Videotape Distribution Service, ~~which~~ distributes to museums, libraries and educational institutions videotape programs made by independent artist-producers, many of ~~these having~~ ^{WHICH HAVE} been made on the E.A.I. Editing/Post Production Facility.
